

A close-up photograph of vibrant green leafy vegetables, likely spinach or chard, with detailed vein patterns visible on the leaves.

**NEW ZEALAND
GROWN**

A photograph of a family embracing outdoors. A woman in a white lace-trimmed shirt is hugging a man in a red and white striped shirt, who is holding a young child in a white shirt and blue striped pants. The scene is bathed in warm, golden sunlight, creating a soft, happy atmosphere.

PRODUCT CATALOGUE 2025

SPEIRS FOODS

Speirs Foods is based in Marton, New Zealand and is well renowned for producing and marketing fresh salads and fresh-cut vegetables.

We are growing more and more of these vegetables ourselves and sourcing ingredients from local growers when possible. These vegetables are processed in our production facility proudly in the heart of the Rangitikei, where we create over 40 product lines that are sold throughout New Zealand.

With the global trends of convenience and health in mind, we are continually striving to extend our product range to include healthier and more convenient options that are in line with demands, making life easier without compromising on health, taste or quality.

We have a major focus on Quality and Compliance to ensure all products are delivered to our customers in the best condition. This is supported through all areas of the business, everyone involved takes pride in making the best quality products, using only ingredients of the highest standard and keeping to specification for every order that goes out the door.
