PLANNING YOUR PROJECT

A little preparation helps us create a design that fits your home, style, and needs.

1 SHARE YOUR SPACE

Share photos, measurements, floor plans, sketches, and inspiration images of your space.

2 TELL US YOUR GOALS

Tell us your style, storage needs, must have features, design ideas, budget, and timeline.

3 DESIGN & ESTIMATE

We'll create a layout, review options, and prepare your project estimate.

4 REVIEW YOUR DESIGN

Review your layout, estimate, and project details, and let us know of any design changes or updates.

5 VISIT OUR SHOWROOM

Explore samples, compare finishes, choose hardware, and finalize selections.

6 FINALIZE YOUR PROJECT

We'll confirm final details, finalize measurements, and prepare your cabinetry for production.

FIND YOUR STYLE

Explore a few popular design styles and discover the look that feels most at home in your space.

Traditional

Perfect for those who love timeless details, warm finishes, and classic character.

- Decorative details
- Classic door styles
- Timeless appeal
- Warm character

Transitional

A balanced blend of traditional and modern design that feels fresh and familiar.

- Clean lines
- Versatile styling
- Light, neutral finishes
- Classic with a modern touch

Contemporary

Clean, simple, and streamlined with modern finishes and an open, airy feel.

- Minimal details
- Smooth surfaces
- Simple door styles
- Modern aesthetic

APPLIANCES

Appliance selections influence cabinet design, storage solutions, and the overall layout of your space.

What We Need From You

- ✓ Keeping existing appliances or replacing them?
- ✓ Standard range or cooktop and wall oven?
- ✓ Counter-depth or standard-depth refrigerator?
- ✓ Any specialty appliances, features, or storage needs planned?

Good News: You Don't Need Final Selections Yet

We can begin designing with rough sizes, inspiration photos, and general preferences. Final appliance specifications are typically needed before production begins.

STORAGE & ORGANIZATION

Storage and organization solutions help maximize space, reduce clutter, and make everyday life easier.

MEASUREMENTS MADE SIMPLE

Don't worry about perfect measurements. We just need enough information to get started.

What We Need From You

These details help us get started, but they don't need to be exact.

- Ceiling height
- Room dimensions
- Window and door locations
- Sink and appliance locations
- Structural features that may affect the layout

What We'll Handle

Final measurements will be confirmed before production begins.

- Appliance openings
- Hood and venting requirements
- Trim and molding needs
- Electrical, plumbing, and structural considerations

Planning Ahead

Thinking about moving plumbing, electrical, or venting? Let us know early so we can design around those changes.

BEFORE WE GET STARTED

Use this simple checklist to help gather ideas and information before your project begins.

1. Gather Inspiration
