

# Painted Cabinets

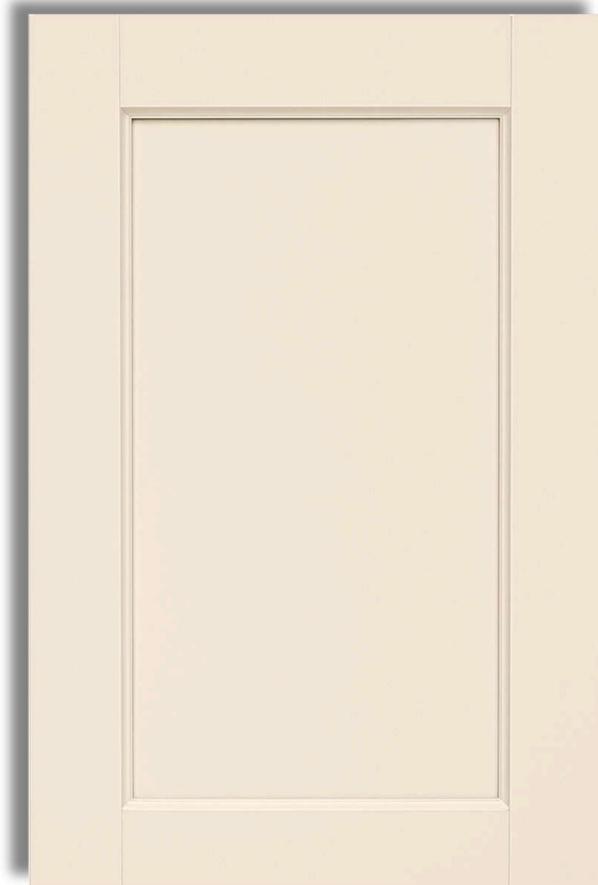

At Twin River Cabinets, we manufacture our own 1-piece MDF doors in-house (technically classified as HDF), which are ideal for painted cabinetry thanks to their smooth surface, dimensional stability, and resistance to warping or cracking over time. For painted finishes on wood, we carefully prep and seal the grain to minimize texture and ensure a smooth, lasting result.

Whether you're drawn to timeless whites, dramatic navy, soft earth tones, or muted greens, we offer a curated range of popular Sherwin-Williams shades — or we can match a custom color just for you. Every panel is sanded to 180-grit for superior paint adhesion and a flawless professional-grade finish.

## PAINTED

### TIMELESS NEUTRALS & CLASSICS

Twin River Cabinets exclusively uses **Sherwin-Williams®** paint for its lasting durability and smooth, professional finish. Below are some of the most requested neutral cabinet colors. Whether you love soft whites, warm greiges, or classic taupes, our painted finishes are designed to elevate your space with lasting beauty and dependable performance.

Each door is professionally prepped and sprayed for a clean, consistent result that stands the test of time.

Custom colors may be matched to suit your exact vision.

### CRISP & CLASSIC WHITES

These whites provide a fresh, timeless foundation for any space.

### WARM & WELCOMING NEUTRALS

These soft beiges and taupes offer subtle warmth, perfect for cozy, classic designs.

### TIMELESS GRAYS & GREIGES

Sophisticated and adaptable, these tones blend warm and cool for effortless elegance.

## PAINTED

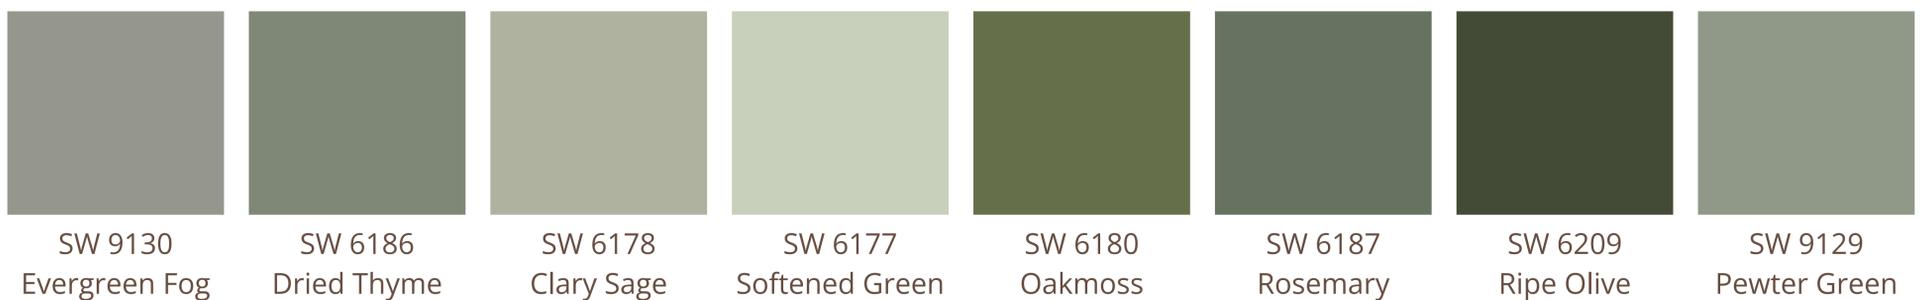

### BOLD & COLORFUL

While neutrals remain a staple, painted cabinets in bold or colorful hues are becoming a signature feature in today's kitchens, laundry rooms, and islands. These colors bring depth, contrast, and personality to your space, especially when paired with natural finishes or mixed materials. From deep blues to earthy greens, all of our painted finishes are professionally applied using Sherwin-Williams® coatings for a smooth, durable result.

Choose from our popular options below, or bring us a color to match—customization is always welcome.

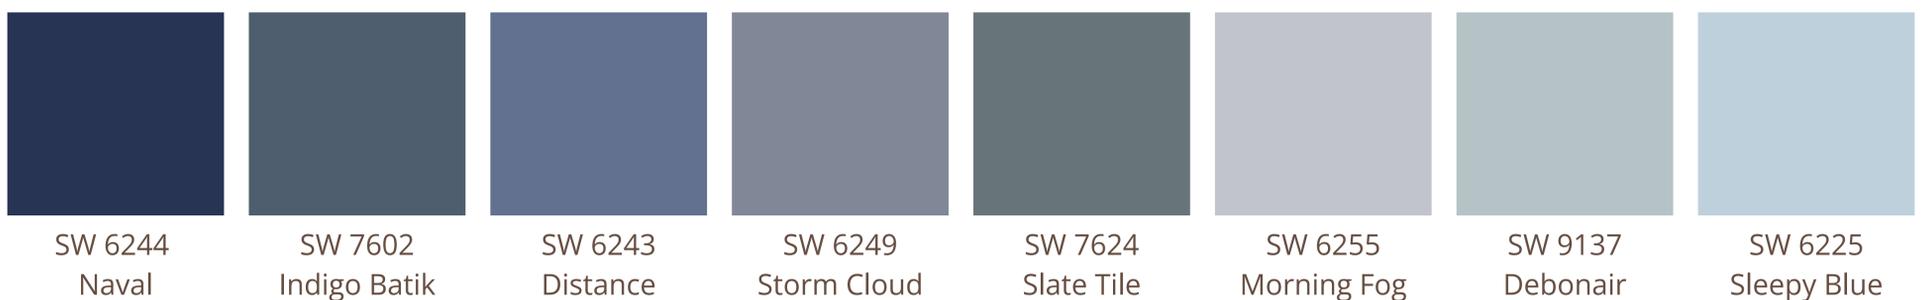

### EARTHY GREENS

Inspired by nature, these soft and rich greens add organic calm and grounded elegance.

### BOLD BLUES

Striking yet sophisticated, moody blues are perfect for islands, vanities, and built-ins.

### DARK & DEEP ACCENTS

Add drama and contrast with these rich, grounding black, charcoal, and deep hues.
