

COMPLIANT • CONVENIENT • COST-EFFECTIVE DOCUMENT DESTRUCTION

 Eco-Friendly by Design

## ECO SHRED COMPREHENSIVE SERVICE PORTFOLIO

Eco Shred provides NAID AAA–certified on-site destruction solutions engineered to protect sensitive information, support regulatory compliance, and safeguard brand integrity.

### ROUTINE ON-SITE DOCUMENT SHREDDING

Secure, recurring on-site destruction designed to support a fully implemented, defensible information security program. Ideal for organizations generating sensitive documents daily.

- On-site mobile shredding at your facility
- Scheduled service (weekly, bi-weekly, monthly, or quarterly)
- Locked secure containers placed at point of disposal

**FACTA Disposal Rule Compliance Support:** Routine service establishes documented procedures, secure collection controls, consistent employee behavior, and verifiable Certificates of Destruction — supporting full implementation of the FACTA Disposal Rule.

Compliant destruction aligned with HIPAA/HITECH, GLBA, FACTA, FERPA, PCI, GDPR, and supported by i-SIGMA NAID AAA Certification.

### ON-DEMAND & ONE-TIME DATA DESTRUCTION (PAPER OR MEDIA)

Flexible, responsive destruction for organizations requiring secure disposal without a schedule.

- On-site mobile shredding at your facility
- Available as container-based on-call service or scheduled project purge
- Secure chain-of-custody with Certificate of Destruction provided upon service completion

**Important Compliance Clarification:** Provides documented proof of destruction for specific materials but does not, by itself, establish ongoing disposal procedures, collection controls, or program-level safeguards required for a structured compliance framework.

Supports defensible destruction documentation; ideal for enforcing record retention schedules, responding to audits, litigation holds release, relocations, or facility consolidations.

## ON-SITE HARD DRIVE & ELECTRONIC MEDIA SHREDDING

Physical destruction of digital storage devices to ensure data is unrecoverable and permanently destroyed.

- On-site shredding of hard drives, SSDs, backup tapes, and electronic media
- Scheduled or on-demand service options
- Serialized inventory tracking available upon request

**Media Destruction Standards:** Destruction performed in accordance with NIST 800-88 media sanitization guidelines and NSA/CSS 9-12 physical destruction specifications (particle size dependent on classification level). Supported by i-SIGMA NAID AAA Certification.

Aligned with HIPAA/HITECH, GLBA, FACTA, FERPA, PCI-DSS, GDPR, and applicable federal data destruction requirements.

## SHRED DAYS / COMMUNITY SHRED EVENTS

Public-facing secure destruction events designed to promote identity theft prevention while delivering certified on-site compliance-grade shredding.

- On-site mobile shred truck at your event location
- Scheduled municipal, corporate, or employee engagement events
- Live destruction for transparency and public confidence

Provides certified destruction aligned with NAID AAA standards while enhancing community outreach, brand trust, and data protection awareness.

## DROP-OFF SHREDDING SERVICES

Convenient walk-in destruction for small businesses and individuals with limited volume needs.

- Secure destruction at Eco Shred HQ 310 Farabee Dr Lafayette, IN 47905
- Walk-in availability Mon – Thurs 9AM – 4PM (no appointment required)
- Hard drive destruction available

## ON-SITE PRODUCT DESTRUCTION

Secure physical destruction of recalled, defective, misprinted, expired, or proprietary products to protect brand reputation and intellectual property. On-site mobile shredding at your facility

- On-site destruction at your facility
- Scheduled project-based service
- Secure chain-of-custody with documented verification

**Brand & Risk Protection:** Ideal for product recalls, packaging misprints, overproduction, labeling errors, defective merchandise, promotional item errors, luxury goods defects, and proprietary product disposal. Prevents unauthorized resale, reverse engineering, or reputational harm.

## PERSONAL / RESIDENTIAL SHREDDING

Certified secure destruction for households, estate cleanouts, and identity theft prevention — delivered with the same standards trusted by businesses.

- On-site mobile shredding at your house, apartment, or storage unit
- Immediate witnessed destruction with Certificate of Destruction
- Responsible recycling of all shredded materials

**Identity Protection Standard:** Secure destruction practices consistent with federal privacy best practices and identity theft prevention guidance.

**Compliance-Driven. Eco-Conscious. Certified Secure.**

From daily disposal to specialized destruction projects, Eco Shred delivers certified protection you can verify.
