

DIRECTIONS

HOCKESSIN LOCATION

- If you're driving eastbound on Lancaster Pike, stay in the right lane.
- Once you drive over the rail road tracks, immediately turn right into our entrance (We have a sign on the grass with an arrow showing the driveway entrance).
- Pull into any of the highlighted parking spaces and proceed to the front door. Our staff will be waiting to greet you inside!
- If you're driving westbound on Lancaster Pike, make a U-Turn and follow the eastbound directions.
- If you're coming from either direction on Old Lancaster Pike, our driveway will be marked with signs in the grass showing where to turn to enter.

5

THINGS TO REMEMBER BEFORE YOUR APPOINTMENT

1

WHEEL LOCK KEYS

Without your wheel lock key, the tire, rim, and wheel cannot be easily removed. These are often found in your glovebox or trunk!

2

INSURANCE/REGISTRATION

If you are bringing in your vehicle and are planning on us taking it to inspection, we will need up to date insurance and registration!

3

VIDEOS/PICTURES OF CONCERN

If you have a concern with your vehicle, a picture or video goes a long way and helps us quickly diagnose an issue!

4

GAS

We take all vehicles on a 3 mile test drive after maintenance is performed. Please make sure you have enough gas to make it through the test drive!

5

ANY WARRANTY INFORMATION

If you have a manufacturer or aftermarket warranty, please have the name of the warranty company and phone number ready!
