

Networking and Funding Natural Law (NFNL):

Quick 2026-2027 Soundpath/FUNL Investor and/or Sponsor Guide

This guide is designed for investors and donors looking to support the expansion of the Natural Law community and its adjacent "Truther" networks. By joining the Networking & Funding Natural Law (NFNL) monthly meeting, utilizing the Soundpath.org/ FreedomUnderNaturalLaw.com (Soundpath/FUNL) investor and/or sponsorship model, you can help manifest real-world solutions for Freedom and Truth.

Part 1: Joining the NFNL Investor Pitch Circle

NFNL is a monthly online gathering that provides a platform for creators to share project ideas and for investors to provide support and/or donations. This also creates a networking nexus point between adjacent Truther communities and the Natural Law community.

- **Meetings are held monthly on Telegram:**

Part 2: Soundpath/FUNL Sponsorship Model

To solve the "networking problem" and fund large-scale events like the proposed 2027 Soundpath/FUNL conference/music festival, NFNL is adopting a successful sponsorship model used by other Truth/Freedom conferences. This model moves away from relying solely on ticket sales and instead focuses on community-backed startup investment.

Investors can voluntarily decide how often and how much investment to give:

- Investor (\$2 per month): Consider funding pitches from the Natural Law community each month. Voluntarily decide what projects to donate to and for how much, based on your organization’s budget. Each \$2 donation goes towards funding the 2027 Soundpath/FUNL conference/music festival (estimated start-up budget of \$30K).

Sponsors of the 2027 Soundpath/FUNL event can choose to be a Investor (minimum investment of \$2 each monthly meeting, as outlined above) and/or choose to be a Sponsor from tiered sponsorship packages (as outlined below):

- Resetter (\$600): Ideal for marketing a specific product or brand to the community.
- Activator (\$2,500): Entry-level option for reaching both in-person and virtual audiences (featured on Soundpath/FUNL websites).
- Expander (\$5,000): Includes Activator benefits plus additional branding opportunities (featured on Soundpath/FUNL websites + email shout-out).
- Integrator (\$10,000): A popular mid-tier level with increased visibility (featured on Soundpath/FUNL websites + email shout-out + 30s video promo during day-time presentation).
- Co-Creator (\$15,000): Includes premium branding such as company logos on live splash screens and dedicated email blasts (featured on Soundpath/FUNL websites + email shout-out + 60s video promo during day- and primetime presentations).
- Manifestor (\$20,000): The highest level of support, offering maximum exposure across all platforms featured on Soundpath/FUNL websites + email shout-out + 60s video promo twice during day- and twice during primetime presentations).

Part 3: Evaluation Guide for Investors

When attending the NFNL circle, investors should evaluate pitches based on a specific four-part framework taught to the presenters:

1. **Problem Identification:** Does the presenter clearly define a gap in the Natural Law or Truth community?
2. **Unique Solution:** Does their project (e.g., a new press, a tech tool, or a festival) provide a viable answer to that problem?
3. **Specific Needs:** Does the presenter provide a detailed budget (venue, travel, tech, marketing)?
4. **Investor Necessity:** Do they demonstrate why investor involvement is the final key to manifesting the solution?

Part 4: Contact and Next Steps

To initiate a sponsorship or ask specific questions about the model, you can reach out to the organizers directly:

- For NFNL Circle Inquiries: Join the Telegram group and connect with Geri Cabezudo from soundpath.org or by email at: freedom@soundpath.org, who coordinates these monthly meetings with Will Keller (FreedomUnderNaturalLaw.com) and Mark Passio (WhatOnEarthIsHappening.com, OneGreatWorkNetwork.com).

By participating, you are not just a donor; you are a co-creator helping to "be the change" by funding the infrastructure of a freer world!
