

KABOOM CEREAL™

KABOOM

CEREAL™

General Mills launched Kaboom cereal in 1969. It was advertised as a vitamin fortified cereal with marshmallows and featured a smiling clown as the spokesperson. General Mills stopped selling it in 2010 but that has not stopped Kaboom from appearing in TV Shows and Motion Pictures. There is even an online petition to try and bring back the smiling faced cereal everyone loved!
