Find your superstar™

In 1970 Mr. Microphone™ made it's debut. An ingenious idea, simply speak into the microphone and your voice is instantly transmitted to the nearest AM/FM frequency on any radio.

Mr. Microphone™ was a huge success, with sales numbers that continued into the next decade. Who would have guessed a huge fad was just around the corner - KARAOKE. This product is still in high demand today and are quickly purchased when spotted at thrift shops or garage sales.

This product also led to many spin off versions like Simpsons, Donny and Marie and Toy Story.

Fast forward to the new millenium - Mr. Microphone™ can now connect to all the new technologies - amplify your voice anywhere, sing along to your favorite songs, have a karaoke party, become an MC anywhere!

Mr. Microphone™ has a great following, old fans remember it fondly and will buy up any and all accessories they can find.
