

# PREZEE

## Premium Water Filtration

Enjoy the freshest, cleanest, and purest drinking water—right at your fingertips. Our **TwistPro** reverse osmosis systems are designed for quick installation and hassle-free maintenance. With a user-friendly Twist 'N Toss design, filter replacements are as easy as a simple twist of the wrist. These high-performance systems remove up to 99% of common contaminants, delivering exceptional water quality for your home. For added convenience, an optional refrigerator and ice-maker connection kit is available upon request.

## Exclusive Special Features:

### Shok Blok

This valve protects your system from water hammering and water pressure spikes. connection kit is available upon request.

### Flowlok

Get peace of mind with this leak detection device. If a leak is detected, it turns off the water flow automatically.
