

Nutritional supplement product for inclusion in horse feed

Hoof Gold

Pack Size

1.5kg

One level scoop provides 30g

Indications

The formula contains a comprehensive combination of nutrients which have been found to contribute to the health of hooves, hair and skin. May assist in improving hoof conditions requiring development and growth of additional hoof strength where dietary requirements have not been met.

Actions

Hoof Gold contains ingredients found in natural diets that may assist in hoof growth in a convenient highly palatable powder. Hoof Gold is readily consumed when mixed with feed.

Directions For Use

As a supplement, Hoof Gold binds well in feed with molasses, honey or water.

Adult 500kg horse: Loading quantity recommended: 2 x 30g scoops 7 days. Maintenance quantity: 1 x 30g scoop daily.

300kg pony: Loading quantity recommended: 1 x 30g scoop 7 days. Maintenance quantity: ½ x 30g scoop daily.

Disposal: Preferably dispose of the product by use. Otherwise dispose of the product, packaging and waste at an approved landfill or other approved facilities.

Storage: When not in use keep lid tightly closed. Protect from sunlight. Store below 30°C.
