WHY HERE

Where ideas meet **the mountains**

Set in the heart of British Columbia's Sea-to-Sky corridor, CapU Squamish brings together contemporary learning spaces, on-site accommodations, and a mountain setting designed for connection, creativity, and collaboration.

Purpose-built for conferences, retreats, leadership gatherings, and industry events, the campus offers a West Coast environment that feels both elevated and accessible — where professional development and meaningful experiences naturally intersect.

Located just 60 minutes from Vancouver and approximately 90 minutes from Vancouver International Airport, with direct shuttle and coach access to Squamish available.

Beyond the **meeting room**

CapU Squamish places attendees in the heart of one of Canada's most active outdoor destinations.

From mountain biking and hiking to climbing, paddling, wellness experiences, breweries, and waterfront dining, the Sea-to-Sky region provides opportunities to extend the event experience beyond the meeting room.
