

Reclaim Your Turf Budget

A Smarter, Greener, More Cost-Effective Way to Manage HOA Turf

SOLID DEW
EVERY DROP MATTERS

Solid Dew Turf Management Introduction

Solid Dew's turf management program provides customized, eco-friendly lawn care solutions, including fertilization, turf rejuvenation, bug management, and water-retaining technology.

Their experienced team collaborates with clients to create sustainable, long-term plans that enhance lawn health and resilience for properties ranging from municipalities to golf courses to HOAs, which is essential for the future of turf management.

The Problem with Traditional Turf Care

HOAs, Businesses and Homeowners often pay for multiple service trips each season:

- Fertilization (5-6x/year)
- Bug & Fungal Treatments (2-3x/year)
- Soil Rejuvenation (1-2x/year)
- Water Retainers (every 6-7 weeks)

Each visit adds labor costs, scheduling hassle and inconsistent results.

Solid Dew's 4-in-1 Monthly Turf Program

 Fish & Kelp Fertilizer - natural nitrogen for lush growth

 Volcanic Shield - Organic Bug & fungus defense

 Bio Dust - Revitalizes soil with humic & fulvic acids

 RSL Conditioner - Boosts water retention via irrigation

What Makes Us Different

- Monthly Proactive Care = Fewer Headaches
- Organic Ingredients = Safer Turf
- Engineered For Drought Resistance & Soil Health
- Trusted by HOAs Across The Region

Why Choose Solid Dew?

- Lowering turf watering needs by 25%
- Fewer service trips, saves you money
- Healthier, Safer turf using Organic Solutions
- People/Pet Friendly - No harmful chemicals
- Supports water conservation goals

Greener Future

Eco-Conscious Operations

Replace your fertilization program with a complete turf health system that just makes sense

One Visit. Four Solutions. Real Savings

Without Solid Dew

- Fertilizer - \$1,800.00/mo.
- Rejuvenator - \$1,000 - \$1,500/mo.
- Bug Treatment - \$1,500/mo.
- Water Retainer - \$1,500/mo.

With Solid Dew

- Complete Treatment - \$1,800/mo.

**Totals: (\$5,800 - \$6300/Month) vs
Solid Dew (\$1800 for all (4)/Month)**

Approximations based on 100,000 sq. ft. treatment area
