

Mission Statement and Strategic Plan

Mission:

Supporting our Defence Families and Partners to contribute to a stronger Canberra Defence Family Community by providing a place to belong, connect and draw strength.

Strategy:

We will achieve our mission by offering a community centre that connects people, provides support and brings joy through engaging programs and one-off events that service all ages, all interests and that provide outreach into the broader community. We do this by understanding the needs of our families and partners and working especially with our sponsors, fellow support program providers and key Canberra-based Defence institutions and personnel, especially base stakeholders.

A Place to Belong
