

## **WAIVER REFUSAL**

This document is read to and disseminated to those riders who choose to join Lehigh Valley Cycling Club ("LVCC") rides, but refuse to sign the Waiver and Release that all participants are requested to sign when joining LVCC rides. The LVCC waiver is designed to reinforce and insure the communal nature of LVCC rides. The waiver is for each and every rider's benefit and protection. While LVCC cannot stop you from joining our rides, and while LVCC welcomes cycling enthusiasts of any and all levels, your refusal to sign the waiver means that you lose all protections afforded by the waiver, including the protection against claims by other LVCC riders in the event of a mishap, crash or other injury-producing event.

This waiver has been read to the following ride participant before the ride noted below and a copy of this Refusal has been handed to the participant.
