

## The LVCC RideWithGPS Club Account

Hello Lehigh Valley Cycling Club Member,

One of the benefits to membership in the LVCC is the ability to be included in the LVCC RideWithGPS club account. This account provides a place for the LVCC to store and manage our cycling routes library and gives all LVCC club members who are authorized in the LVCC-GPS club account access to Premium features in RWGPS for all routes in our club library. (It does NOT give all LVCC members the RWGPS Premium Level features for routes that are not in our club library)

To be authorized in the LVCC-RideWithGPS club account you will need to have your own personal account with RideWithGPS. If don't already have a personal account you can create an account at

<https://ridewithgps.com/>

When you set up your profile **please include your real first and last names**. There is a Display Name field in your profile as well. This is what displays to the public. **You can use whatever Display Name you choose. We ask that you include your real first and last name in your RWGPS profile so we know who you are and can verify that everyone authorized in the LVCC-GPS club is a current LVCC member.**

There are multiple levels of membership with RideWithGPS. You can elect to sign up for a FREE account if you choose. As member of the LVCC GPS club you will still have access to the **Premium level features for all the routes in our library**. Obviously the higher the level of membership with RWGPS the more features you will have access to on other routes, but as an authorized LVCC-RWGPS member you will have Premium Level access to the routes in the LVCC route library regardless of what level you choose for your account.

Because the information here is available only to current LVCC members, **you can click on the link below to be automatically authorized in the LVCC-GPS club**

[https://ridewithgps.com/clubs/58-lehigh-wheelmen-association?join\\_code=tOonHjWkKHoxK4Mb](https://ridewithgps.com/clubs/58-lehigh-wheelmen-association?join_code=tOonHjWkKHoxK4Mb)

**Please do not share this link.** Anyone who clicks on it will be automatically added to the LVCC-GPS club. Remember, this is a special benefit for LVCC members paid for with your membership dues. By the way, it a great way to encourage non-members to join

Once you have been authorized for membership in the LVCC-GPS club (by clicking the above link) , sign in to your RideWithGPS account. Scroll down the left panel and you will see the Lehigh Wheelmen Association Club. Clicking there will take you to the LVCC-GPS club where you can find all the LVCC routes and other features.

For more information about using the LVCC-GPS club account go to

<http://ridewithgps.com/help/club-benefits/>

We hope you will find this **members only** benefit very useful.
