

FOR OUR ASC FACILITY PATIENTS

YOU COULD RECEIVE TWO OR MORE BILLS FOR SERVICES PROVIDED FOR YOUR PROCEDURE

You may also receive bills from other physicians or providers who were involved with your care as a patient in our facility.

***Medical Device Fees** – this may include implant device(s), biologics, or covered tools and supplies. If your insurance is Blue Cross Blue Shield, per Florida state mandate, we must file all fees related to these devices to a 3rd party company named: IPG. How it Works

IPG'S ROLE IN YOUR SURGERY

IPG has partnered with your health insurance plan to provide the implantable device(s) to your facility and doctor for your upcoming procedure.

Your doctor will likely use a medical device in your upcoming procedure, which may include implant device(s), biologics, or covered tools and supplies. If one is used, IPG will handle the billing and reimbursement from your health insurance plan for the device, and you will receive a separate bill from IPG for any remaining patient responsibility, based on your benefits at the time of your procedure.

To ensure we have the information we need to properly bill your health insurance plan, you will need to complete an IPG consent form. If you have not signed an IPG consent form at your facility, please visit ipgpatient.com/consent to sign electronically. (See reverse side for sample consent form.)

1. Your doctor
Schedules your surgery with an IPG contracted facility.

2. Your facility
Requests the parts your doctor needs for your surgery from IPG.

3. IPG (Your surgical implant provider)
Ensures your facility is stocked with the high-quality, cost-effective parts your doctor requested.

After your claim fully processes, you will receive a separate bill from IPG for any remaining patient responsibility. Please contact an IPG Patient Representative at (866) 295-1260 with any questions.
