TI SENTO

There is something undeniably exciting about the moment a new collection arrives. Even after twenty years of design, sketching, sampling, and sometimes seemingly endless tweaking, twisting, and changing our minds, that first glimpse of a new collection feels like magic. And this time, everything instantly clicked. Every piece complements the other, from the shimmer of a newly cut stone to the curve of a pendant. Overall, they form a balance of heritage and renewal.

At the heart of this collection is our love for modern classics: luxurious foundation pieces like the tennis necklace inviting layering, styling, and personal interpretation. Think of them as your jewellery wardrobe: endlessly versatile, well-considered, and ready to evolve with you. We have embraced the art of mixing bold new statement pieces alongside smaller pendants you can stack or wear independently. Some add a subtle pop of colour, others a play of contrasts.

There's a hint of the eighties in there, too. The clean lines, rich textures, and a sense of glamour evoke this inspiring decade. But always in a wearable way because, as you know by now, that is what TI SENTO is all about. From our new triangle-cut party edit to bicolour pavé styles, necklaces designed after your star sign, and elegant cushion-shaped stones (a true classic, if you ask me), we wanted festive pieces that still work with your favourite white shirt and denim, as well as with any special-occasion dress.

Our mission? Outstanding jewellery that doesn't just complete an outfit but also has the power to transform it. The balance of elevated and effortless, standout and subtle, is precisely what we aimed for. And when designed and developed with care, they become more: a signature, a ritual, and everyday kind of special, enhanced by the way you decide to wear them. It is time to come out of your shell with this new batch of delicate designs made for winter as well as the seasons ahead.

STONE LUXURY

Play a little with pieces that equally evoke the moods of the season. Playful and polished, wearable yet statement-making – these items work incredibly well with your favourite cashmere sweater, straight-leg jeans, and that little black dress or minimalist party top.

TI SENTO

Our new line, reimagines sculptural design with refined, custom-cut stones in a coin-like setting. We call them our “pebbles”. Colours of milky white, black, and pavé make each piece balance a sense of sophistication and refinement.

MODERN CHIC

the *STRUCTURES*
& iconic *PEARLS* edit

Architectural by design and a statement enhancing any look, our new structural bracelet and necklace are equally eye-catching and timeless, making them impossible to look away from—that is, with a hint of the eighties.

STRUCTURES

ICONIC PEARLS

Against popular belief, we think pearls are a girl's best friend. Their heirloom-worthy and timeless appeal never gets old. They make a great (statement-making!) pair with chains and work equally well independently.

Our new triangle shapes evoke the typical eighties energy. Think: Studio 54 meets Palladium meets The Roxy, with a hint of the this line suits any dinner party or other festive occasion. Combine them with big shoulder pads to underscore the eighties vibe. And don't forget to hit the dancefloor.

FESTIVE SPARK

SYMBOLIC *meets* CLASSICS

Nothing beats a lucky clover, classic bean-shaped jewellery, or our eternity shapes. When gifted by someone you love, these items gain meaning and value, allowing them to become talismans.

MIX AND MATCH

To us, gifting is at the heart of every season. Of life, perhaps. Whatever the occasion, a gift shows appreciation, a sign to express that you think of someone. Whether it is a zodiac pendant, an initial, a number with special meaning, or one of our most-wanted pieces, when gifted by someone you love, these symbolic items will immediately become your favourite pieces.

CRAFTMANSHIP

This collection's signature shapes draw on our decades of design. They are an ode to what we have always done, close to our signature pieces and clean cuts that have stood the test of time. To us, our signature pieces mean more than just recurring designs. They embody a sense of continuity. Of knowing who we are and staying true to the accompanying values. These pieces carry that spirit: refined, intentional, and instantly recognisable. And so, they remain the quiet icons in a world that's always moving.

CORE CLASSICS

PILLOWS & CUSHIONS

A new year feels like a clean slate – a blank canvas yet to be coloured. We prefer to start the year fresh, with transparent hues reflecting a new start's energy. That is, bold yet liberated, without ditching the old. After all, nothing beats the eternally iconic cushion shape.

CUSHION ALLURE

This season, our cushion comes in an elongated form: a pillow-like, elongated shape. Its warm brown hue reflects the moment and makes this piece easily to combine with any other colour, texture and shape.

GLOW-GETTER

This piece easily to combine with any other colour, texture and shape.

QUIET LUXURY

ICONS REIMAGINED

We found inspiration in nature for the aesthetically pleasing yet remarkable drop-like shapes. They are undeniably chic and enhance even the most neutral looks.

COOL CLASSICS

There's something quietly powerful about the start of a new year. A sense of renewal, of possibility. It's a moment to reconnect with yourself, to express who you are now. And what better way to do so than through the jewellery you choose to wear?

A TIMELESS DROP

We are always looking for new ways to develop effortlessly refined designs, and these briolette-shaped pieces hit the nail on the head. Their mineral-inspired tones, from greyish green to translucent blue, add a soft, sophisticated edge that feels both modern and timeless.

CROSSOVER & CIRCLES

Make a statement with a single pendant, a pair of twisted-and-turned earrings, or bangles you never want to take off again. Many people favour these items, and therefore, they make the perfect gift. These jewels pair perfectly with your hard-working winter wardrobe, which probably consists of fine knits and heavy wool items. Adding a little sparkle and unexpected edge changes the narrative of any look.

TRICOLOR SIGNATURE

Tricolour metals appear to complement each other well; they effortlessly pep up any low-key look, just as the black accents do.

CROSSOVER CHICNESS

Every design starts at our in-house drawing table in our Amsterdam-based atelier. Two markers we often infuse in our jewellery are connection and eternity, found in this collection through flowing forms and a blend of materials.

A close-up photograph of a person's hand, wearing a dark suit sleeve, positioned over a jewelry-making workspace. The hand features a gold ring with a heart-shaped design and a diamond on the ring finger, and a diamond eternity ring on the middle finger. The workspace includes a silver bowl containing a dark red liquid, a pile of crumpled white paper, and a silver bowl with a textured rim. The background is a plain, light-colored surface.

VISUAL MERCHANDISING GUIDELINES

DISPLAY: PEARLS, PAVE AND GOLD

- Create depth by presenting earrings from large to small
- When presenting statement items, make sure to balance them with top 30 items

- Combine pearl jewellery with jewels in other materials
- Gold and mother of pearl combine well
- Layering necklaces on the display gives a clear picture of how different necklaces can be worn together.

- Place the busts in the shape of a pyramid: small busts outside - right and left - and place the large busts in the center of the display
- For more slack in height: place a block under the large bust.

VISUAL MERCHANDISING GUIDELINES

DISPLAY: COLORS AND SHAPES

- By combining different bracelets on a cushion consumers can get inspired about stacking bracelets.

- If a jewel contains a pavé element, for example, we suggest to support this with other jewels with pavé elements. However, make sure to maintain a balance between gold and pavé items
- This display shows different jewels with angular shapes. By using similar shapes, the display looks calm and balanced.

- Try combining color with gold and silver jewellery, don't place all jewels in a similar color on one display
- Keep the display balanced by combining colored jewellery with basic jewellery.

VISUAL MERCHANDISING GUIDELINES

DISPLAY: GOLD AND PEARLS

- Combine chunky pendants with more delicate necklaces.

- The combination of silver and gold is a trend. The use of pavé can work well to create a link.

- Combining different types of pearls works well, but try not to overdo it
- Mix 'closed forever' jewellery throughout the displays
- Similar shapes are combine well.

VISUAL MERCHANDISING GUIDELINES

DISPLAY: SILVER AND GOLD

- Layering with three necklaces is also possible. However, it is important to combine chunky pieces with fine jewellery

- Use an earring display to show how you can stack and combine pieces in the ear.
- Mix and match is the way to go!

JEWELLERY

Over the years, TI SENTO has raised the bar for silver jewellery. We offer the highest quality jewellery at an acceptable price: our designs are complete in both appearance and wear-ability. Every detail is there to beautify and exceed customer's expectations. This applies to every item and every element in our collection, from our attention to the small details, to the hand setting of the stones and of course, the selection of the materials we work with.

Material - Sterling silver (925)

All TI SENTO jewellery is made with Sterling silver (925). This means 92.5% is pure silver and 7.5% alloys. The higher the percentage of silver, the softer the product will be. In order to prevent damage and breakage, ear jewellery and locks are given an extra addition of a little steel. All pieces designed with linking parts are soldered on all connecting elements. Bracelet locks are especially designed to remain more solid over time.

TREATMENTS

Platinum plated

To give the silver an extra shine, all jewellery is platinum plated. The platinum plating also provides an extra protection against scratching and natural discoloration. For some jewel- lery pieces TI SENTO uses black coloured rhodium or ruthenium to enhance the design.

Gold plating

Several items in the collection are yellow or rose gold plated. The - 18 carat - gold layer is 3 microns thick. As TI SENTO is a silver jewellery brand, gold plating is used as a design element, so the plating is applied on the silver. To complement the colours of stones or the overall design, details such as settings and prongs can be gold plated as well.

As the plating is a thin layer, just like rhodium, it might fade or disappear in time. Usage of certain medicines by the wearer or bringing the jewellery into contact with water and soap may accelerate this process.

SETTINGS

Bezel / closed setting

The stone is set in a completely closed set case. This is a setting method which embraces a stone and holds it securely in place. It is one of the oldest techni- ques and remains an excellent method to protect both the girdle (middle) and the pavilion (bottom) of a stone from chips and scratches.

Claw / prong setting

The stone is set by small claws. Rounded in the shape of a bead, the claws are bent over and shaped, holding the stone in place. This is the most common method that can, for instance be, found in solitaire engagement rings.

Pavé setting

A method of setting stones next to each other so that an entire surface is cover- ed by small stones. This creates a uniform and glittering piece. The pavé setting is handset by diamond setters.

Gallery / fretwork

This is the decoration on the back of the set case. The more open the gallery design is, the more light will fall on the stones. Transparent stones, such as Zirconia in a brilliant cut, need a closed set case with a small opening in the middle to let the light through.

STONES

Cubic Zirconia (CZ)

The stones that are often set in TI SENTO jewellery are Cubic Zirconia. This is a synthetic stone made out of natural material. Zirconia is relatively hard. It measures 8 on the Mohs scale (diamonds measure a 10) and has a triple A quality and clearness. Cubic Zirconia is available in many colours and can be cut in extremely sharp facets.

Pearls with a crystal core

TI SENTO uses pearls with a crystal core in its designs. The pearls combine the quality of a perfect crystal core with the beauty of a pearl coating, giving the pearls a flawless, silky smooth surface. The weight of these pearls is similar to natural or cultured pearls and the sensory perception allows these pearls to adapt to the skin's warmth like real pearls. The crystal pearls are also less likely to scratch and change colour.

Synthetic crystal

Synthetic crystal is made of material with the same features as crystal. It is softer than Cubic Zirconium and measures 6-7 on the Mohs scale. Because of the variety in colours available and its hardness, many TI SENTO designs are made using this stone.

Mother-of-pearl doublet

This stone is made up of two layers: the base consists of a pearl layer topped with a se- cond layer of synthetic crystal.

Veined stone

This type of stone has an organic structure in a given colour that gives it a veined marble type of look. Each cut stone is therefore unique in its pattern.
