We hosted a family party for our 70th birthdays. The menu was excellent and there was something for young and old alike. Lorna and Jo were very sensitive to our needs during the planning, setting up, serving up and clearing up. Nothing was too much trouble. We would happily book them again for a family celebration.

Tartufo were very quick to respond to any queries. They ensured the day ran smoothly. I wouldn't hesitate to recommend or use in the future.

Lorna and her company were a pleasure to deal with. Their communications were clear and unambiguous. The food was delivered for our son's wedding luncheon and was enjoyed without exception by all our guests, the platter menu had many options and lived up to our expectations. Furthermore, Lorna also provided all the crockery, cutlery and napery we needed, which added greatly to the smooth running of our event
