

EDM

If Carly is involved in something it's usually because of Drag Queens. Pollo Del Mar roped them into singing a hook on their first Electronic Dance Music (EDM) tune and they never looked back! "I'd Rule the World" was the first edm collab for Carly and then they never looked back!

A budding topliner and arranger, they've collabed with DJs from around the world! Favorite tunes include Let Love Rain Down, I'd Rule the World, We Have a Dream with Leo Frappier, Fighting for the Light, Til You Are Free, Strings of my heart with Dan Arion and DNR Records, Choose Me and Ganymede with Casa de Galindo. Carly's released tunes with DJs Donny, Joel Dickinson, and JayCee and looks forward to more collaborations in the future. Check out their catalogue on Beatport, Bandcamp, Spotify, Apple Music and more.
