

# Fat Bitch Lyrics

By Carly Ozard

Music by Carly Ozard, Leo Frappier and Odin

Hangin' outta cars and won't let us into bars

Keepin' all the gates locked tight

People standin' by who don't care enough to try and we're the problem if we put up a fight.....

"Fat Bitch!" They say

And they're laughing as they drive away

It's as if we are the worst things there could be

"Fat Bitch!" Men sing

As if they're the ones determining

The world we live in

Well you are not forgiven-

Love, this Fat Bitch

Goin' into town or cruisin' all around

and we're just tryin' to exist

Dressin' up real nice but we're there to pay a price

It's a game at our own risk

"Fat Bitch!" The bouncers cry

When we know we're lookin' fierce

"Only thin girls are allowed to cross the line"

"Fat Bitch!" Men sing

As if they're the ones determining

The world we live in

Well you are not forgiven-

Love, this Fat Bitch

Our curves are the cutest

And some are the rudest (EW)

And we're not your target, your fetish

YOU'RE CLUELESS

Of What we all need anyway (don't be a BETCH!)

It's Kindness, not fitness- the last time I checked

And you get to make choices today! OKAY?

Don't ever let me hear you say!

"FAT BITCH!" It's clear

Tell me somethin' I don't know!

Before I make you go and disappear

"Fat Bitch!" Men sing

As if they're the ones determining

The world we live in

Well you are not forgiven-

Love, this Fat Bitch

FAT BITCH!

FAT BITCH

I'm your fat bitch!
