

Excel Evacuation Chair

The Excel is incredibly strong with a working load weight of 227Kg. Its tracks create friction when on the stair's edge which acts as a brake to slow the decent allowing for a smooth controlled operation.

- Simple 2-step setup for easy deployment
- Rubberised handle for secure operator grip
- Full length back support with head cushion for passenger comfort
- 3-point adjustable harness for additional safety
- Flat, open seat for easy and flexible access
- Permanent 4 wheels for optimum manoeuvrability
- Integrated arm and leg rests for comfort and support
- Rear wheel brake when chair is stationary
- Velcro strap if additional passenger support is required
- Folds flat for wall mounting
