

SAFETY CHAIR

Experts in safe evacuation

Your EV-4000 Product Information

EV4000

The standard model evacuation chair

Provides a quick, easy and safe emergency evacuation with a 200kg (440lbs) weight capacity and allows for single person operation.

FEATURES

1. **Adjustable self braking tracks**
Reinforced adjustable tracks control the speed of descent
2. **Anti-slip height adjustable handle**
For ease of deployment, operation and compact storage
3. **Head support with immobilisation strap**
Limits movement, securing the passenger
4. **Quick release 4-point harness**
4 point harness for increased passenger welfare
5. **Heavy duty front wheels**
For smoother operation over rugged terrain
6. **Industrial locking castor wheels**
For situations where the chair needs to be stationary
7. **Way finding decals**
For easy location in emergency situations
8. **Adjustable seating position**
Allows for the ideal passenger seating position, either flat seat or hammock
