

LAUREL HALL
SCHOOL

KNOWLEDGE | COMMUNITY | KINDNESS

“Our students learn by doing. If the students are actively engaging and internalizing what they are learning, that is a good learning environment.”

— JAY GUIDETTI, PRINCIPAL

Laurel Hall provides an inspiring and academically challenging curriculum that prepares students for future learning and success in the core subjects of language arts/English, science, mathematics, and social studies. Math Olympiad, Beast Academy for Mathematics, and Inquiry-Based History are among the highly regarded curriculums at Laurel Hall, while a first-rate science lab supports students' science learning.

A wide range of enrichment opportunities (activities and elective classes) in art, music, theater, sports, technology, and journalism build students' interests, skills, and confidence. A graphic arts program and a new state-of-the-art Mac Lab are especially popular with students. An inclusive faith community promotes kindness, caring, and service.
