WE ARE ALL UNIQUE

Meaningful funeral ceremonies do not just happen. They are well-thought-out events that demand focus, time and the guidance of a ceremonial expert. Our traditional burial and cremation packages make the funeral planning process less burdensome to you while creating a personalized, meaningful ceremony that will help you, your family and your other friends embark on a healthy, healing journey. Plus, our packages give you the added benefits of simplicity of choice, financial savings for itemized selections, and an enhanced ceremonial experience.

When you think about a funeral celebration, it is much like life's other significant events such as weddings, anniversaries, etc. Life is changing and that change should be shared with everyone. From chapel services to church services, or services at outdoor locations to informal celebrations with entertainment, each should be as unique as the deceased.

GENERAL PRICE LIST

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.
