

# LD Poly Pipe Update!

LD Poly Pipe has a very limited lifespan due to the use of recycled plastics in its manufacture.

LD Poly Pipe has no Australian Standard.

LD Poly Pipe has no pressure rating.

LD Poly Pipe has no manufacturer's warranty.

**Austec Cannot Guarantee Any Length of Life.**

Vinidex is no longer manufacturing LD Pipe. Austec is now forced to source from elsewhere at a greater cost per roll. This has altered our prices and availability **significantly.**

We highly recommend the use of Rural / Green Line Pipe & Fittings.

- Pipe manufactured by Vinidex
  - Philmac Fittings
- 800kPa Pressure Rating.

## LDPE POLY PIPE

PER ROLL	CODE	PRICE
13mm X 25m	LD1325	\$19.95
