

## VINIDEX METRIC PIPE (Chlorblue) – BLUE LINE

Chlorblue® is a PE100 pipe engineered to extend the service life of drinking water systems with higher water temperatures and elevated chlorine levels, compared to existing PE100 pipes.

### Applications

- Continuous elevated water temperature
- Presence of high levels of chlorine-based disinfectant chemicals
- Low water acidity (pH level)
- High operating pressure and velocity
- Small pipe diameter/low pressure class
