19mm *	LD19XM	\$3.45
25mm *	LD25XM	\$4.95

* Pipe cut to length or non-standard rolls cannot be returned.

Austec Irrigation now sells Low Density Poly Pipe (LDPE) manufactured by RGD Corporation Pty Ltd in Perth, WA.

LDPE manufactured by RGD is manufactured without a seam. It is therefore seamless and not prone to splitting. It is also independently pressure tested by NATA* to 300Kpa. For this reason, RGD refer to their poly pipe as Ultra Poly Pipe.

Austec Irrigation recommends the use of quality Australian-made Philmac and Antelco fittings with RGD Ultra LDPE.
