VskiCosmetology School works closely with the onsite Mall Security Office to insure the safety of all staff and students. That the first act, for a staff member, is to contact the Mall Security at 843-830-4246 as they are the closest enforcement to respond. If indicated from Mall Security or if Mall Security is unavailable, please contact 911.

Crime is a serious problem with no easy solutions. Therefore, all members of the school campus community are encouraged to assist one another by taking responsibility for personal safety and assisting with the security needs of others. While school staff and security measures may offer assistance regarding safety and security concerns, ultimately the primary responsibility for your personal safety rests with you.
