To whom it may concern,

Jerry Aigner Construction Inc. is a highly recommended construction company. As Operations Manager at Allegheny Petroleum, we hired them to build our new tank farm from December 2023 to April 2024.

Throughout the project, Jerry Aigner Construction Inc. demonstrated exceptional professionalism and expertise. They were proactive, reliable, and maintained clear communication. We were particularly impressed by their efforts to reduce costs and solve a complex issue with the soil and drainage around the building.

The project was completed on time and within budget. Once the tank farm was finished, they even painted our company logo on the large bay door at no cost. We are proud of this new facility and like to showcase it to our current and potential customers.

Jerry Aigner Construction's team is skilled, hardworking, and attentive to detail. The final results exceeded our expectations, and we plan to work with them again for future projects. I highly recommend Jerry Aigner Construction Inc. to any organization seeking high-quality construction services.

Sincerely,
William Fleming
Operations Manager
