“Art enables us to find ourselves and lose ourselves at the same time.”

Thomas Merton

So much of creativity begins beneath the surface.

An image, a feeling, a memory or an idea can quietly take shape somewhere within us before we fully understand where it has come from. Sometimes it arrives unexpectedly. Sometimes it lingers, refuses to let go, and eventually asks to be brought into the world.

SUBCONSCIOUS celebrates that journey - the movement from what is felt and imagined within, into something we can see, experience and share.

This exhibition brings together 47 artists and more than 80 artworks, revealing the extraordinary depth and diversity of creative talent we have right here on our doorstep. Across painting, sculpture, photography, digital works, animation, multimedia and interactive audio-visual experiences, each artist offers us a glimpse into their own inner world.

For the artists, these works represent ideas brought into consciousness and given form. For visitors, they offer an invitation to pause, look a little closer and perhaps discover something of your own subconscious along the way.

We are delighted to present **SUBCONSCIOUS,** our final Members Exhibition for 2026, and to celebrate the imagination, courage and creativity of our Darwin Visual Arts community.

Welcome. Take your time.

Look closely.

Let your imagination wander.
