Photography Consent Form

Children are photographed frequently here at the center during their activities and events throughout the day. Some of the photos are placed on bulletin boards around the school/church and could possibly be shown on video for church or daycare programs. Photos are also taken for your child's portfolio and within our parent communication app, Kids Report. We also occasionally post photos on our Facebook page. No photos will be used in any advertising publication without your permission.

_____ I consent to photos being taken of my child.

_____ I DO NOT consent to photos being taken of my child.

*Please be aware that if we don't have photo consent, you won't be able to receive pictures and videos via our parent communication app (Kids Report).
