Sunscreen and/or Bug Spray Permission Form

You may wish to provide us with sunscreen and/or bug spray for protection while your child enjoys outdoor play. **We strongly suggest you provide bug spray. There have been cases of mosquito bites on our playground.** If you would like for us to apply sunscreen and/or bug spray to your child, please provide us with the unexpired bottle(s), labeled with your child's first and last name. As with any topical medication or cream, the first application of any brand of sunscreen should be applied at home in order to evaluate your child's possible allergic reaction to that product.
