

His Kids Daycare & Learning Center

USDA Food Program

Dear Parents,

I am excited to announce that this center participates in the USDA Child and Adult Care Food Program and will receive Federal funds to provide healthier meals and snacks to all the children enrolled. The amount of funds the center receives is based on the income of our families. Part of the USDA requirements is to ask you to complete an Income Eligibility application. If any of your children are in grade school, you will be familiar with this form because it is the same program and application used by the public schools. The information you provide will be kept confidential and does not require verification. Please return the form filled out as soon as possible directly to the office. I can assist you with filling out the forms or answer any questions you may have. Here are some of the benefits of our center being on the Federal Food Program:

- Infant Formula and Baby Food will be provided by the center.
- Healthier meal and snack options for our children.
- Less canned fruit and vegetables and more fresh options.
- New and improved menu.

If you have any questions, please stop by the office or give me a call. We are so excited about this opportunity to improve the quality of our program, and we thank you in advance for your cooperation!

Blessings,

Camille Butler
Director
