

# GRENADE

## 20-0-0 with Sulfur

GRENADE is a liquid nitrogen product that includes sulfur. It can be utilized on any crop requiring the soluble and available nutrients represented on the label. It also contains NanoN+ from Nano-Yield for more efficient delivery of nutrients to your crop.

### DIRECTIONS FOR USE:

#### GRASS HAY, AND PASTURES:

Option 1: Apply 1 to 2 gallons per acre with 2 quarts of EARTHQUAKE Liquid Humic, at green-up, after every cutting, or as often as needed.

Option 2: Apply 1 gallon per acre with 1 to 2 quarts of EARTHQUAKE Liquid Humic and 1 to 2 quarts of Forage Factor.

#### SOD:

Warm Season Grasses: Apply 2 gallons per acre (6 ounces per 1,000 sq. ft.) with 2 to 4 quarts per acre (1.5 to 3 ounces per 1,000 sq. ft.) of EARTHQUAKE Liquid Humic, at green-up, and re-apply as often as needed.

Cool Season Grasses: Apply 1 gallon per acre (3 ounces per 1,000 sq. ft.) with 2 to 4 quarts per acre (1.5 to 3 ounces per 1,000 sq. ft.) of EARTHQUAKE Liquid Humic, at green-up, and re-apply as often as needed.

**TURF & ORNAMENTALS:** Apply 3 to 12 oz/1000ft<sup>2</sup>. Use the high rate for all warm season turfgrasses. Apply 2 to 6 oz/gal of water in dip or drench applications.

**OTHER CROPS:** For application rates on other crops not listed, please contact Sugar Creek Ag.

**NOTES:** Apply with 10 to 20 gallons of water. Can be applied with other Sugar Creek Ag products and most herbicides, pesticides, and fungicides. Can be applied through drip or overhead irrigation. Agitate before use.

#### GUARANTEED ANALYSIS:

Total Nitrogen (N).....	20%
20% Urea Nitrogen	
Sulfur (S).....	0.5%
0.5% Combined Sulfur (S)	

Derived from: Urea and Ammonium Thiosulfate

**BULK WEIGHT/GAL:** 9.64 LBS AT 68°F

**GENERAL INFORMATION:** Sugar Creek Ag suggests growers conduct soil tests and amend the soil accordingly. This product should be applied as a supplement to your overall fertility program. We suggest conducting a jar test prior to mixing with other ingredients to establish compatibility. If the solution is left in the spray tank overnight, agitate thoroughly before spraying. To avoid crop damage due to high temperatures, it is suggested to apply early morning or early evening. Product should not be stored where freezing is possible. Product may settle in storage and should be agitated before use.

**WARRANTY AND CONDITION OF SALE:** Manufacturer warrants that this material conforms to the chemical description on the label, and this product is reasonably fit for use as directed. No other warranty is made, either expressed or implied. Buyer acknowledges and assumes all risk and liability resulting from handling, storage, and use of this material. Manufacturer shall not be liable for claims resulting from use of this product not in accordance with the general information, application directions, and warnings on the label.

**WARNING: KEEP OUT OF REACH OF CHILDREN.** In case of contact with eyes, flush with water. Contact physician if irritation persists. Dispose of container in accordance with local, state, and federal regulations.
