

SOD & TURF

SEEDING

Apply 2 qts/ac **Earthquake Liquid Humic** and 1-2 qts/ac **PaybackK**.

IN-SEASON

Apply 1 qt/ac **Earthquake Liquid Humic**, 2-4 qts/ac **Money Shot**, and 1-2 qts/ac **Shug Nitro**. Warm season turf add 1 gal/ac **Grenade**.

FALL APPLICATION

Apply 2 qts/ac **Earthquake**, 2 qts/ac **PaybackK** or **Dropkick**, and 1-2 qts/ac **Shug Nitro**.

EARTHQUAKE Money Shot SRN Shug Nitro

ADDITIONAL PRODUCTS

- **Micro-N-Rich** (or **Micro-N-Tense**) should be applied during vegetative growth to address deficiencies. Use 1 qt/ac if combined with other foliar nutrients, or 2 qts/ac if applied alone.
- Add 1 qt/ac **Brimstone 17** when sulfur is needed.
- Add 1 qt/ac **Fulvic FM** to increase nutrient uptake.

GENERAL COMMENTS

- Our products can be applied with most herbicides, pesticides, and fungicides. A jar test is recommended to establish compatibility.
- If applying with an herbicide, utilize WILDFIRE as your water conditioner.
- Utilize NanoPro with fungicide, herbicide or other crop protection products, add 4 oz of NanoPro per acre. Best results occur when NanoPro is introduced directly to herbicide (via an inductor system). If no inductor system, call for mixing order.
- For best results, apply a minimum of 1 gal Earthquake per acre per season, in split applications.

OTHER PRODUCTS TO CONSIDER

Cal-zone

100% soluble calcium, immediately plant available. Utilize at 3-5 gal/ac based on needs.

LIQUID KELP

To help mitigate crop stress, add 1 qt/ac to any application.

GRENADE

Add 1 gal/ac for additional nitrogen, especially for warm season turfgrass.

NanoPro

Utilize NanoPro with fungicide, herbicide or other crop protection products, add 4 oz of NanoPro per acre.

PaybackK

Apply 2-4 qts/ac as a starter and as a late-season foliar nutrient (2-16-16 with 6 micros) with Earthquake Liquid Humic.

Sugar Creek Ag suggests growers conduct soil tests and amend the soil accordingly. The above recommendations are to best supplement your fertility program. A tissue analysis is best to identify crop nutrition needs. Growing conditions, crop needs and farming practices vary, feel free to contact us to discuss the best ways to utilize our products on your farm.
