Derived from: Ammonia, Phosphoric Acid, Potassium Hydroxide, Ammonium Thiosulfate, EDTA Zinc

Contains less than 2% chlorine maximum.

BULK WEIGHT/GAL: 11.15 LBS AT 68°

Sweet Pea is a 100% Orthophosphate liquid starter with sulfur, zinc and refined sugar. Two gallons of Sweet Pea provides 1 pound of sugar that serves as a food source for soil biology. Seed-safe in furrow and root-safe when transplanting tobacco and commercial produce. Low-rate application allows for other beneficial products to be added to your starter program.

DIRECTIONS FOR USE ON ALL CROPS:

IN-FURROW: Apply 2 to 4 gallons per acre

2 x 2: Apply 3 to 5 gallons per acre

Other products that can be utilized at planting include: EARTHQUAKE Liquid Humic, Micro-N-Rich (or Micro-N-Tense), NanoN+, and biology packages.

NOTES: This product cannot be applied with UAN. Sweet Pea can also be used in setter water for tobacco and commercial produce. Any Sweet Pea left over after planting can be foliar applied at 1 gallon per acre (up to 2 gallons) in a minimum of 10 gallons of water per acre. For more information, consult with your dealer or Sugar Creek Ag representative.

GENERAL INFORMATION: Sugar Creek Ag suggests growers conduct soil tests and amend the soil accordingly. This product should be applied as a supplement to your overall fertility program. We suggest conducting a jar test prior to mixing with other ingredients to establish compatibility. If the solution is left in the spray tank overnight, agitate thoroughly before spraying. To avoid crop damage due to high temperatures, it is suggested to apply early morning or early evening. Product should not be stored where freezing is possible. Product may settle in storage and should be agitated before use.

WARRANTY AND CONDITION OF SALE: Manufacturer warrants that this material conforms to the chemical description on the label, and this product is reasonably fit for use as directed. No other warranty is made, either expressed or implied. Buyer acknowledges and assumes all risk and liability resulting from handling, storage, and use of this material. Manufacturer shall not be liable for claims resulting from use of this product not in accordance with the general information, application directions, and warnings on the label.

WARNING: KEEP OUT OF REACH OF CHILDREN. In case of contact with eyes, flush with water. Contact physician if irritation persists. Dispose of container in accordance with local, state, and federal regulations.
