

## CAL MAGIC | IN SEASON GAME GUEST PLAY POLICY

Our **in-season game guest play policy** prioritizes and emphasizes opportunities for internal player pools before considering external options.

For this reason, guest play outside of the club is limited and only considered when a team is unable to fulfill roster needs from within its own age group or younger teams in the club.

If an external club needs a player and has exhausted its internal options, guest play may be considered based on availability and alignment with club commitments. Likewise, Cal Magic SC may request guest players from other clubs under the same conditions.

Guest play eligibility is limited to players in good standing who consistently demonstrate commitment, positive attitude, and strong performance within their team environment.

### **GUEST PLAY PROCESS:**

Guest play is initiated and coordinated strictly on a coach-to-coach and club-to-club basis. If a club is requesting a player for a game or an event, their head coach or director must submit the request directly to Cal Magic SC:

 [info@calmagicsc.com](mailto:info@calmagicsc.com)

 [haris@calmagicsc.com](mailto:haris@calmagicsc.com)

Cal Magic SC will follow the same process when requesting players from other clubs. Parents do not initiate or coordinate guest play. Their role is limited to sharing club contact information when appropriate. All decisions, communication, and approvals must go through official club representatives.

External guest play is subject to regional agreements and league guidelines and will be evaluated on a case-by-case basis. These procedures are in place to maintain clarity, professionalism, and to support the best interests of all players and teams.
