New 2023 Sandal Styles

Trusted PowerStep® arch support with cushioned comfort in a new design that fits even better than before.

■ Redesigned Profile

Full bottom sole design, simplified straps

■ Comfortable Fit

Elastic on straps allow for stretch during wear, while Fashion style straps are adjustable

■ Improved Foot Positioning

Toe post placement and toe bar help prevent the foot from sliding forward during walking.

The #1 Podiatrist-recommended brand of orthotics is redesigning their sandals and slides with improvements in fit, aesthetic, durability, and more. PowerStep® sandals boast the brand's trusted arch support with cushioned comfort in a new design that fits even better than before.
