

OUR STORY

Our product was formulated by **Erika Tazberik**, a biochemist who has worked in the skin care industry for decades. Six weeks after her early retirement as a scientist from Neutrogena, her husband suddenly passed away at the age of 53. A diabetes patient, he suffered from severe pain and discomfort from major diabetic foot symptoms. Erika had looked for every possible solution to mitigate this issue. Nothing worked.

Having developed skin care products for over 25 years, she was amazed that there was nothing available to help her husband. Encouraged by family and friends, she began an in-depth study of diabetic skin issues.

With the help of a formulation laboratory founded by an ex- Neutrogena colleague, they developed a formula that provides compromised diabetic skin the ingredients it needs to repair itself rapidly. Patients who tried it called it magical and were in disbelief. Impressive clinical research results further validated what patients were experiencing.

Erika's husband's experience was a sad circumstance for the "birth" of this product. Developing this product to help others who suffer like he did has become her life purpose.

SkinIntegra®

WHAT YOUR SKIN NEEDS TO HEAL FASTER

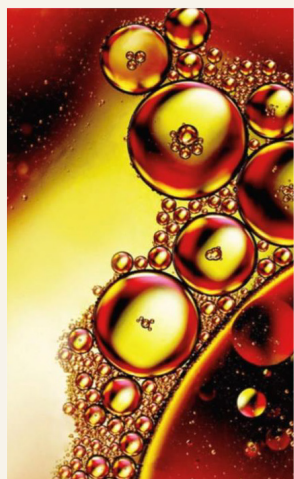

FASTER HEALING FOR COMPROMISED SKIN

Unlike conventional urea creams, Rapid Crack Repair Healing Cream combines **25% urea & lactic acid to help dissolve calluses that can cause fissures with its patented Epi-Lipids to accelerate healing in dry, cracked skin** and other hard-to-treat conditions such as diabetic neuropathic dryness, eczema, and psoriasis.

What are Epi Lipids™?

- Plant-derived oils identical in their composition to our skin's own epidermal lipids, so they absorb quickly and

replenish the skin barrier faster

- Essential nutrients our skin needs to rebuild every layer of the skin barrier, including Omega-3 and Omega-6 essential fatty acids, ceramides, and antioxidants

What can a Urea Cream with Epi-Lipids™ do?

- Boost defense from free radical damage that can cause inflammation
- Eliminate 99.99% of infection causing bacteria in less than one minute
- Accelerate skin's healing response in the first 24 hours

IMPRESSIVE RESULTS ON DRY, CRACKED SKIN

In a **14-day** patient case study conducted in 2 podiatry clinics, patients experienced:

74%

improvement in skin dryness

82%

improvement in cracked areas

100%

improvement in pain

100% patients enrolled in the study agreed that they experienced relief

RECOMMENDED AND DISPENSED BY MEDICAL PROFESSIONALS

“ I can honestly say that in my 21 years of practice, this is the best product I have recommended. ”

Dr. Dawn Buratti, D.P.M.

“ I found the results to be quite surprisingly amazing, really good, and I do not say that lightly. ”

Dr. Ron Guberman, D.P.M.

“ My patients love it. ”

Dr. Jeremy Bier, D.P.M.

CLEAN PROMISE

We formulate with compromised skin in mind, so what we leave out of our formula is as important as what we put in. **Rapid Crack Repair Healing Cream** is preservative-free and free of potentially harmful ingredients identified as allergens by the medical community.

Our **NO List** includes among others:

- | | |
|--------------|---------------|
| ■ Fragrance | ■ Petrolatum |
