THE CLUB

FROM GREG HYNES • GENERAL MANAGER • GREGHYNES@WINDYKE.COM

Fall golf is truly one of the best times of the year at Windyke. We hope you will take advantage of the cooler temperatures, beautiful weather, and great course conditions over the next few months. A special thank you to Casey and our entire Maintenance Team for their hard work in getting both courses into great shape for the fall. Please continue to help them keep the courses looking their best by completely raking bunkers and repairing ball marks on the greens.

Please note that the Turkey Day Scramble has been moved to **Saturday, November 28** this year. With the Egg Bowl in Oxford at 11:00 a.m. and the Tigers playing on Friday with the kickoff time yet to be announced, we felt moving the scramble to Saturday would allow more members to participate in one of our favorite traditions while still having the opportunity to support their teams.

Natalie, Anna, Keith and their teams have also been working hard to plan a great lineup of events for you to enjoy here at your Club. Fall Fest is always one of the highlights of our family event calendar. It is a night filled with scares, fellowship, laughter, and plenty of fun. The event continues to grow each year, and we currently have more than 200 members signed up. Families are encouraged to bring their favorite chairs or blankets, as patio seating will be available on a first-come, first-served basis. Ron Olson will once again serve as our MC, and this year's Fall Fest will feature an expanded haunted house, kids' costume parade, hayride, bonfire and s'mores, movie, and the always-popular inflatables. It is truly a must-attend event for the entire family.

Looking ahead, everyone's favorite fall dinner, Pasta Night is back on November 6th that will have a separate kid's area for a wonderful date night! Be sure to sign up early for the Wine Dinner in November, as it is sure to sell out. Also, take a look at the second annual Bourbons & Bonfires event at the fire pits in November. We have a lot of great things planned, and I hope you will make time to enjoy them with your fellow members.

Members are what make Windyke such a special place. Our membership levels remain in a healthy position, although winter typically creates some availability for new members. If you have friends or family who have been considering joining Windyke, please let us know. We would love the opportunity to talk with them and introduce them to what makes our Club special. As a thank you, members will receive a referral credit to use around the Club when someone they refer joins.

Thank you for continuing to make Windyke such a special Club. Most importantly, please remember that we value your opinions. I always welcome your feedback—good or bad. So much of what we do and the programs we offer are shaped directly by member feedback and participation. Please continue to let us know what you think. Your input helps us continue to make Windyke a place our members are proud to call their Club.

Sincerely, Greg Hynes

October Course Update

It's been another great golf season at Windyke, and I'm happy to say that fall weather is finally starting to show up. Fall is by far my favorite times of year to play golf, and I encourage everyone to take advantage of it. Don't miss out on some of the best weather and most consistent playing conditions of the year. I know it's football season, but make sure you get out to The Club and enjoy some great golf. This is the time of year when everything becomes a little easier for us to provide consistent conditions. From the greens to the fairways, the course is in a great place, and day in and day out we're able to provide very consistent playing conditions.

Just because the weather is changing doesn't mean the maintenance staff is slowing down. We're still working hard and taking advantage of every bit of favorable weather we have left. I'm sure many of you have noticed the amount of tree work taking place around the property. There is a very simple goal behind much of this work: we want grass. We want to increase the amount of turf that is actually in-play and improve areas of the golf course where we can create better playing surfaces. Over the last couple of weeks, we've been able to lay around two acres of Palisades Zoysia, trying to squeeze in as many improvements as possible while we still have some growing season left. We won't be able to finish every area where tree work has taken place this fall, but we'll begin working on those areas with the goal of getting them grassed as we move into next season. I also appreciate everyone's patience while we work through these projects. Some of the work can be disruptive in the short term, but the goal is to make Windyke better for the long term, and we're excited about the improvements we're making.

I also want to take a minute to recognize our H-2B staff. This is their third season with us at Windyke, and they have become a very important part of our maintenance team. They work extremely hard, take a lot of pride in what they do, and genuinely enjoy being here at Windyke. They'll be heading back to El Salvador at the end of October, so if you see them around the property over the next few weeks, make sure you say hello and thank them for all their hard work. We appreciate what they bring to our team, and we look forward to having them back next season.

As fall arrives, we're also turning our attention toward preparing the course for next season. Fall is an important time for us to apply pre-emergent and fertilizer applications that help prevent winter weeds and encourage healthy turf going into dormancy. These are important steps in setting the course up for a healthy start and a strong spring season. At the same time, I want to remind everyone about the little things that make a big difference. Please take a moment to repair your pitch marks on the greens and sand your divots. With cooler temperatures, these areas don't recover nearly as quickly as they do during the summer. Taking a few extra seconds to repair a pitch mark or fill a divot helps us keep the course in the best condition possible for everyone.

Enjoy the cooler weather, get out and play some golf, and as always, do your part to help us keep Windyke looking its best. Sometimes it's the small things that make the biggest difference.

Director of Agronomy

PRESIDENT'S CUP

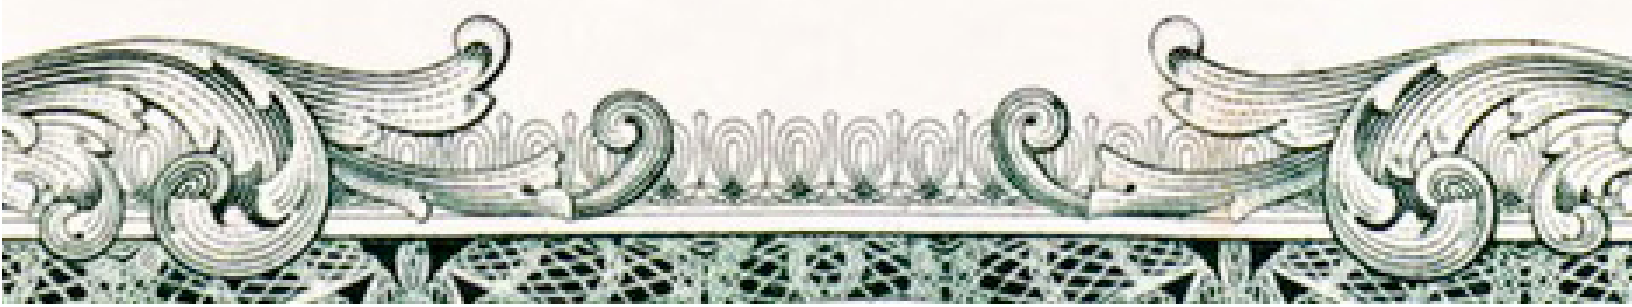

The President's Cup is arguably the most fun event of the year. It is also one of the final events of the year at The Club and is an invitational that you can earn an invite several different ways. The first way is by having Windyke Board involvement. Current board members and past presidents earn an invite each year. Next you will be invited if you participated in any of our events enough to be among the top point collectors in the Windyke Cup, Men's Night or Ladies Day, as well as those who played previously with specific guidelines.

Once the players have made the list, they are then picked one by one playground style by the captains until all have been assigned a team. The players matches will then be picked by the captains and the trash talking will begin!

The event is a Ryder Cup style format which consists of scramble, best ball, alternate shot and individual matches.

This year's battle will be between our current President of the Board, Ben McCullar and our incoming President, Rob Stallins. This year's event will certainly have plenty of excitement as these two are long time friends here at The Club.

If you did not get an invitation this year, the 2027 Windyke Cup points race begins next month with the Turkey Day Scramble and will give you a great start to earning the 2027 President's Cup invitation.

We are well into fall golf and the courses look great! This is one of my favorite times of the year to play golf. October is when we have our annual President's Cup. This two-day Ryder Cup Style match play tournament is made up of two teams (two-man scramble, best ball, alternate shot and individual matches). These two teams will be led by myself and our Board VP, Rob Stallins. If you have never played in this tournament, you should make it a priority to qualify for our 2027 tournament.

The fun continues this month with our Fall Festival on October 23rd starting at 5pm. This is one of the most fun family-oriented events we host all year, so make sure to make your reservations early! Guests of members are welcome, be sure to bring your favorite picnic blankets and lawn chairs!

The objective as the Board of Directors at Windyke is to serve our members. October is election month for our **Board of Directors!** An electronic ballot will be emailed out to all members on October 6th. If you do not receive our weekly emails or monthly emails, please email Natalie at membership@windyke.com; if you are not on this mailing list you will not receive a ballot. As there are more candidates than openings for the 2027 Board, an election of the Windyke Membership is called.

Here are the details:

- Terms are for 3 years starting Jan 1, 2027
- There are 9 candidates, shown below, for 6 open positions.
- Some candidates are existing Board members who are interested in serving another term, others are new candidates.
- There is one vote allowed per membership. Note that most membership classifications can vote, except Tennis, Executive, Heritage, and Non-Resident, who are ineligible to vote per the Windyke by-laws.
- With 6 open positions, you may vote for up to 6 persons, but not more than 6.
- Voting will be completely digital this year. Please check your inbox on October 6th for an email with nominees and the ballot to vote.
- All votes must be submitted by end of day on 10/19/2026.
- Results will be counted prior to the November Board Meeting and ratified by the Board at that meeting.
- Results will be posted shortly after the November meeting.

Candidates:

Gary Blaylock
Blake Bryan
Bill Freeman
Allen Green
Graham Heard
Robert Lenahan
Peyton McArthur
Jay Phebus
Lance Warren

 Pro Shop (901)755-3160
brock@windyke.com

Our summer has finally ended! Quite a heat stretch! As we venture into fall, consider a few things in regards to your set of clubs. Conditions will slowly get more damp and soft, so.....

- 1> Move your driver setting up 1 degree to maximize carry
- 2> Consider switching out your 3 wood for a 7 wood (keep the 5 wood, too!)
- 3> Consider swapping an extra hybrid for your lowest iron
- 4> Bend your irons 1 degree weak to get more flight and bounce in the sole
- 5> Change out your wedges for higher bounces

Your clubs are tools, after all, so feel free to tweak them after the summer is over to get ready for the wet season. Fall may stay dry, but as soon as we lose grass growth and increase in precipitation, it is best to make a few changes. These changes can serve you well all the way up to May, when conditions begin to dry out again.

Enjoy the fall season as it is the best golfing conditions we have. Get a few more rounds in and don't hesitate to come out to the lesson tee for help. Sometimes it only takes a small adjustment to get things right.
