

HOLLYWOOD ROYALTY

THE INCREDIBLY TALENTED CAST & CREW OF DELTA FORCE

Love The Delta Force or detest it, none can argue the immense talent of the star laden cast and crew that worked on this film. Unquestionably, it was the single most talented cast ever assembled for a movie produced by an independent studio of that time. Many of the younger actors would go on to become Hollywood powerhouses and win further industry awards. We broke the cast and crew accolades down by the numbers, and the results are absolutely astonishing. Please note, this compilation can only include the 7 major award organizations, because to include all awards and accolades earned by the cast & crew, this text box would need to be quintupled in size.
