

Why Emergency Hearing is Necessary

If there is no adherence by the State(s) to The Constitution of the United States (1st, 4th, 5th, 6th, 14th, and 16th Amendments), just like the resulting founding of this country based on “No Taxation Without Representation” such actions could only be treasonous:

1. The betrayal of allegiance toward one's own country, especially by committing hostile acts against it or aiding its enemies in committing such acts
2. The betrayal of someone's trust or confidence
3. The offense of attempting to overthrow the government of the state to which the offender owes allegiance, or of betraying the state into the hands of a foreign power; disloyalty; treachery

The Laws of The U.S. Constitution and State of Texas Constitution exist. The facts of this case exist. The math of this case exists. Prohibiting adjudication of proven fraud can only be seen as protecting fraud, but simultaneously prohibiting a Citizen from the rights created under the U.S. Constitution can only be seen as treason because it takes the Civil Rights away from all Citizens.

The actions of SCOTX are with intent. They had two attempts to correct course and chose Deprivation of Rights (a Federal Crime) to protect and prohibit the adjudication of fraud.

Thus, please review the Cover Letter to Solicitor General Sauer and the Vexler Cert Petition Draft for Solicitor General Sauer, Peter Tickin and David Kenney.

There is no greater disgrace to the United States of America than the actions of SCOTX. Such action demands impeachment, disbarment and possible criminal charges under 18 U.S.C. sec. 242 and possible civil claims under 42 U.S.C. Section 1986 which allows for civil action against individuals who neglect to prevent the violation of civil rights as outlined in Section 1985.

There is no defense for the actions of SCOTX.

SCOTX is not now, nor ever has been, the decider or creator of Federal Law. The Supremacy Clause Article XI reigns supreme to State law. The actions of SCOTX are a Judicial Coup and can only be seen as treason against the Federal Government and all Citizens of The United States of America.

An emergency hearing is necessary by the Supreme Court of The United States of America.

Sincerely,

M.
