To Whom It May Concern:

I have managed a number of condominium association throughout southwest Michigan for the past 12 years and done countless roof replacement projects. I have to say it was my lucky day when I found Armstrong Enterprise; they have delivered a superior product and workmanship to my associations for the past 10 years. They also backup their work with a 10 year warranty, which I'm happy to say I have had to use to this date. It shouldn't be a surprise that when I have a roofing problem on my personal home I call them knowing full well I'll be taken care of quickly and fairly. I would recommend their services to anyone looking for a quality job at a fair price.

Feel free to contact me with any questions or concerns.

To Whom This May Concern:

Recently, Armstrong Enterprises repaired the roof on the screen room at my home in Hamburg Twp. I feel compelled to write this letter of reference and appreciation as a result of that repair.

Sue and Ray Armstrong, the company's owners, exhibited a very high degree of professionalism and skill. They were helpful and informative to me, and I left the house in the morning of the repair day with a feeling of trust.

The job was finished on time and not a scrap of material was left behind. It was as if the problem was never there! The cleanliness and professional demeanor of their employees indicates an attitude from the top that permeates throughout the company. For this I commend Sue Armstrong as she runs the day-to-day business.

If there are specific questions that I can answer, please feel free to call upon me. I would be honored to speak to the quality of work, and the professionalism of Sue Armstrong and Armstrong Enterprises.
