

MSSC APRIL NEWSLETTER

We Will Be Learning About:

This April, our little learners are going on some exciting adventures! We will travel back in time to discover different types of dinosaurs and the habitats where they once lived. Our class will also explore the powerful life cycle of a volcano and learn how these amazing natural wonders shape our planet.

We will take a journey across the world to the continent of Africa, where we will discover fascinating landmarks, animals, and parts of its rich and vibrant culture.

To spark our creativity, we will explore the beautiful artwork of the famous artist Georgia O'Keeffe and create our own masterpieces inspired by her style.

We will also learn how we can help take care of our planet by keeping Earth clean and healthy. To celebrate Earth Day, each child will plant and pot their very own sprout to take home and watch grow!

Reminders

Please bring 12 filled plastic eggs (NO NUTS)
The schedule for the Spring Egg Hunt will be posted soon.

Spring Camp 8a.m-4:30p.m
Please pack lunch for your child. School will provide snack.
