

MSSC MAY

newsletter

WE WILL BE LEARNING ABOUT:

In May, our curriculum will focus on insects. The children will learn about insect life cycles and the different parts of an insect through engaging, hands-on activities.

We also began our butterfly journey at the end of April. The children had the opportunity to observe and care for caterpillars as they transformed into butterflies, giving them a meaningful, real-life science experience.

In addition, we will be exploring the continent of Africa. Children will learn about African animals, habitats, and cultural elements through a variety of interactive lessons and activities.

For our Artist of the Month, we will be creating artwork inspired by Wassily Kandinsky, exploring his use of shapes, lines, and vibrant colors.

UPCOMING EVENTS:

- **April 27- May 01: Book Fair**
- **May 7 & 8: Mother's Day Celebration**
- **May 11-15: Teacher Appreciation Week**
- **May 25: Memorial Day (School Closed)**
