

Hello Everyone -

As excited as we were for the upcoming Year End Show this weekend, news of the EHV-1 Outbreak in North Texas has changed the situation. We have talked to several vets and the Texas State Veterinary Board Commissioner, and they said that the outbreak is serious and spreading rapidly and that it is not safe for horses to travel in the area currently.

With this advice, and the utmost concern for our equine partners in mind, we have made the difficult decision to reschedule the Year End Show. The new date will be **December 13 & 14** at Texas Rose Horse Park.

We sincerely hope that everyone is still able to attend. If you are already entered and can attend, you do not need to re-enter through Horse Spot. If you are not able to attend, you can submit your scratch via e-mail or through Horse Spot. Please do not respond to this e-mail with scratches.

Thank you all for your understanding and we hope to see you in a few weeks!

Amy Frenzel
