The filer certifies that all documents in this submission for filing with the court comply with all redaction requirements of Rules 19.10, 55.025, or 84.015.

COR 2.02

The responsibility for redacting confidential information rests solely with the counsel, parties, or any other person filing the document. Courts will not review each case document to ensure compliance and will not refuse to accept or file a document on that basis.

On and after the Expanded Remote Access Implementation Date: July 1, 2023

1. All redactions shall be done in a manner that makes it clear that information has been redacted. If necessary to reference the redacted information in a redacted document, filers shall use generic descriptors.
2. When a filer redacts information from a document offered for filing in any court, the filer also must file a confidential redacted information filing sheet that either:
 - has the unredacted version of the document attached; or
 - sets out the information redacted from the document with an explanation referencing where the information was redacted from in the document or the generic descriptors used in the document to reference the redacted information.
3. All filers shall affirmatively certify compliance with the redaction requirements in Rules 19.10, 55.025, and 84.015 when a document is filed. This certification shall be accomplished through an automated process implemented in the electronic filing system for its authorized users or, for filers who are not authorized users of the electronic filing system, by a paper form attached to the document or on the document itself.
4. When a motion is filed alleging a document filed with the court contains insufficiently redacted confidential information, the clerk shall raise the document's security level to a confidential setting. The court shall dispose of the motion within 30 days. If the court determines the document is sufficiently redacted, the clerk shall reset the document's security level to allow for proper public access.
