

7v7 Opponent in Possession, Defensive Third, #7 (or #11)

#5 marks the player with the ball, keeping the Red #7 on the outside and making sure they do not get beat off a dribble. #6 drops to give #5 cover in case they get beat, and to cut off a cross. #3 moves in the middle to be close to #9 and is ready to intercept any crosses. #11 drops to cover Red #6, and #7 drops to cover the space in the middle and collect any balls that are played in this space. If Red #9 moves toward the ball and Blue #4 follows, the Blue #11 needs to drop farther and mark the Red #11.

7v7 Opponent in Possession Defensive Third, Corner Kick

#4 and #5 stand by the goalposts. #11 (or #7) stand along the end line and block any low balls from getting in front of the goal. All the remaining players mark opponents in and around the penalty area.
