TERMS & CONDITIONS

Wounding

Trophy fees are payable on all animals killed or wounded and lost. 15% VAT (Value Added Tax) will be charged for animals wounded and any animal that is not exported.

Firearms and Ammunition

We recommend that import permits for firearms and ammunition are arranged before you arrive in South Africa. Firearm import permits can be prearranged through an accredited clearing company. A temporary import permit will be issued at the port of entry when clearing Customs. The hunting laws require that anyone hunting the "Big Five" will require a minimum .375 calibre rifle. Any calibre from a .270 upwards is suitable for plains game hunting. Should you be interested in doing some bird shooting, a 12-gauge shotgun is recommended. Firearms are available for hire and ammunition will be charged as per the price list.

Trophy Preparation

Our fully trained staff and skinners will personally ensure that each of your trophies is prepared, salted and treated with care. Every effort will be made to ensure that the skins are in good condition when delivered to the taxidermist. As part of our service, we will deliver the trophies to the export agent or taxidermist as soon as possible after your hunt. You will be able to meet our recommended South African taxidermist and choose whether to have your taxidermy done in South Africa or the raw prep skins and skulls shipped back to your country of residence.

Safari Duration

We generally recommend a minimum hunting period of 3 - 10 days for a tailor-made hunt. The recommended duration of a safari will vary according to your trophy requirements and as a rule of thumb; we expect to hunt a trophy a day. Some animals are more difficult than others to hunt and therefore require more time to be hunted successfully. A minimum of 14 days is required for a Leopard hunt. The duration of the other "Big Five" safaris will vary according to the area and species to be hunted. All safaris and packages are tailor-made and will be planned on your behalf to fulfil your needs.

Cancellation

- All cancellations will attract a 15% administration fee regardless of the cancellation conditions.
- 50% of the deposit will be forfeited if the hunt is cancelled 90 days before the arrival date.
- The deposit will be forfeited if the hunt is cancelled less than 90 days before the arrival date.
- We highly recommend that you purchase cancellation insurance.

Liability

Whilst all reasonable precautions are taken to ensure the safety and good health of clients, Rust De Winter Safaris will accept no liability for injury or illness during or after the safari.
