GOOD TO SEE YOU BACK CHECKING OUT VOLUME 103 OF YOUR CUSTOM BAGGER FIX! NOW ADMITTEDLY THIS IS A SMALLER ISSUE THAN MOST, AND WE SINCERELY APOLOGIZE. THERE'S ANOTHER SOLUTION FOR YOUR CUSTOM ITCH THOUGH...AND ONE YOU CAN HOLD IN YOUR HANDS. IF YOU HEAD OVER TO URBANRIDESMAGAZINE.COM YOU CAN ORDER UP ONE, TWO, 5, 7, HOWEVER MANY YOU WANT OF OUR SPECIAL PRINT EDITIONS. ENJOY ALL THE BASSERY IN THOSE ISSUES, THEN LEAVE ON THE COFFEE TABLE OR MAN CAVE BAR TO IMPRESS YOUR FRIENDS!

Short & Sweet

Yep folks, I'm going to keep it short & sweet! First off, you'll notice this is only a 4 feature issue. I'll default to the whole "quality not quantity" thing...does that work? This might be a short issue, but it's one helluva 4-banger with these bikes!

So the short answer is, we reeeeeeally wanted to drop another issue before yours truly heads off on vacation. Also because, when I get back Captain Robey and I are putting together an awesome issue of Urban Rides Magazine. We're focusing on more readable content and a wider variety of features this year with the other mag. That brings some challenges...and we're up for it!

That, my friends, is why we kept it more...er...streamlined this issue. I won't mention the fact that we've dropped about 3 mags in just over a month or anything, but who's counting? As we continue into 2023 and I stay healing from my unfortunate incident, it's full speed ahead.

Speaking of speed, how the heck does Dan Robey get to all these shows all over the country? I'm convinced his truck has a flux capacitor in it...or maybe he's a robot that doesn't sleep? BOTH are very valid theories, just saying...

On that note, be sure to check out the website tab for Street Bagger, we now have the previous 2 issues there for download now. There's a new website in the works and will be live soon!

Until next time, ride safe and have fun out there, kids! -LL-

LITHIUM

10+ YEAR LIFE SPAN
3 YEAR WARRANTY
TRUE 40 AMP HOUR
IP66 CERTIFIED

Limitless Lithium is proud to introduce another great addition to the "Nano" powersports and motorcycle series line-up! The new Nano-HD XL is one of the first ever waterproof IP marine certified powersports battery that has a full battery management system (BMS) built into the battery. A BMS monitors all the important aspects of the battery like high/low voltage limits, high temperature and direct short issues. If at any time the battery is subjected to a condition that is unsafe it simply turns itself off. For full details and specification, please visit our website to learn more.

WHOA! Where's the tech sheet on this sweet build??? Well Mark Rhoades (*pictured above*) of Pinup Baggers (*the badass shop that built this beauty*) currently has his hands full at the River City Bike Expo (*pictured on the next page*). We really wanted to drop another issue for you, so check back for the full build specs on this kick-ass performance bagger. -LL-

Vee Rubber
PERFORMANCE TIRES

Did You Know?

- That Metalsport is now the Exclusive Distributor of the 302 Tire Line in the USA?
- That in the agreement between Vee Rubber and Metalsport, Vee Rubber agreed to manufacture the 302 Line to the same quality standards that they use in their production of tires for two of the largest OEM automotive companies in the world?
- That the 302 line of tires would carry a newly established Lifetime warranty along with a one-year Road Hazard warranty? We believe this is one of the strongest warranties in the industry.
